TUCKER

Daniel Tucker the son of George Tucker of Milton in Kent, by Mary the daughter of John Hunter of Gaunte. He was nearly related to Mr. Tucker the searcher at Gravesend in 1619. Sailed for Virginia with Challons in 1606. He was a leading man in southern Virginia for five years, 1608-13; commissioned Governor of Bermuda, February 15, 1615-6 and in that Island from May 1616 to Jan. 1618/9. He was one of those who signed the petition in 1619/20 to have some man of quality sent as Governor to Virginia. He patented land in Virginia in 1621, was living in Bermuda in 1623 and died there at Port Royal Feb. 10, 1624/5, leaving children there. Many of his descendants are now distinguished citizens of the United States.

Brown's Genesis of the United States, p. 1033

Records of the Virginia Company, Vol. IV.
Captain Daniel Tucker is # 37 on a list of 72 patents granted to the several persons named. June 1623.

Since Daniel Tucker of York lived on the land which it is believed was granted Capt. Daniel Tucker, at least he never patented it himself and no transaction has been found in the York records whereby he acquired it, so the inference is obvious that he was the son of the Daniel Tucker, who was living in this part of Va. from the formation of the Colony.

In the deposition which proves that Alice Tucker his sister was the wife of Arthur Allen, he states he was 55 in 1667/8, which makes him the right age to have been the son of the Daniel claimed.

Capt. Daniel Tucker was the grandson of William Tucker of Thornley in the County, of Devon, Esquire by his wife Iota the daughter of William Ashe of Devon.

Va. Hist. Mag. Vol. 17, p. 395-6.
